Professional Profile

I am a Frontend Developer with 2+ years of experience with a focus on delivering high-quality user experiences. I excel at translating design into functional interfaces and keeping up with the latest industry trends and technologies. I bring a strong work ethic and commitment to excellence to every project I work on, and I am eager to contribute my skills to help your organization succeed.

Technical Skills

Languages: JavaScript, TypeScript, HTML, CSS, Python

Frontend: React: Next.js, TailwindCSS, Framer Motion, Responsive Design, Animation

Backend & Databases: Node.js, Supabase, MySQL

Tools & Technologies: Git, GitHub, VS Code, Vercel, Netlify

Professional Experience

FREELANCE WEB DEVELOPER | Remote
2024
- Developed a custom e-commerce web application for client using modern web technologies

- Leveraged open-source solutions to meet tight project deadlines while maintaining quality standards

- Delivered fully functional web application with responsive design and user-friendly interface

Projects

E-Commerce Platform | 1 Month Development

Full-stack e-commerce web application built with Next.js 14, TypeScript, and Prisma ORM. Features a comprehensive admin dashboard, customer-facing storefront, and modern authentication system. Implements product management, order processing, payment integration, and email verification.
